

Rockwell Parts

Rockwell Parts - AxleTech International is a leading dealer in the world of specialty vehicle drive-train systems and components along with off highway vehicles. The business prides itself on being its customers' preferred supplier. AxleTech strives to exceed and meet their customers' expectations for service, technology, delivery and quality. They believe in working in an atmosphere that encourages the highest integrity with empowered collaboration, together with a persistent pursuit of results.

AxleTech International falls under the umbrella of General Dynamics. They put great importance on being an environmentally conscious company and providing a safe atmosphere for their staff to work in. Additionally, they have applied several programs within the company in order to help articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with whichever comments or questions, since they are glad to promote and share this policy with a greater understanding of their efforts. They are very dedicated to preserving and improving the natural environment. AxleTech has an EHS program that not only protects the environment but which even actively protects their neighbors and staff as well.

AxleTech prides themselves as being a ground-breaking drive-train solutions provider. They specialize in designing and manufacturing planetary axles for both military and commercial applications. These applications vary from airport ground support to construction equipment. AxleTech specially designs axles to meet specific application demands. They have over 1000 different axle specs in their existing offering. With over 100+ years of experience and history, AxleTech proudly supplies the most complete solution for whatever of your axle requirements. The company is well known in numerous military and commercial applications. They provide complete axle assemblies for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have further details which can be seen in the "ISAS" product collection.
