

Lull Telehandler Parts

Lull Telehandler Part - Lull telehandlers have been providing precision load placement ever since nineteen fifty nine. Whether the work involves landing loads on scaffoldings, transferring loads or positioning heavy steel, using a Lull telehandler will help make the job go faster and easier. These units are available together with the patented Stabil-Trak stability system in order to ensure operator confidence.

The Lull horizontal load placement system provides 80 inches of boom travel for precision placement capabilities. Different optional attachments is obtainable for Lull telehandlers to help finish any work.
