

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of every global industry. Transporting industrial goods takes place each and every day on our hectic planet. Initially innovated as industrial vehicles in the 1930s in the United States, forklifts gained recognition after World War II in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machinery spread internationally.

Originally started as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first forklift. Throughout the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM started building lift truck manufacturing locations outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

TCM proudly makes several models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading company.
